Brooklyn, NY 11249 | T: 949.599.6284 | Email: rachelmccarthy@gmail.com

EDUCATION

B.S. Economics, *University of Washington*

Seattle, WA

June 2023

- Omicron Delta Epsilon Honor Society | Economics Undergraduate Board | Women in Economics Board | GPA: 3.88
- Coursework: Econometrics, Microeconomic Theory, Public Economics, Statistical Methods, Cost-Benefit Analysis

EXPERIENCE

Economist & Product Analyst, *Gymki*

Seattle, WA

Oct 2023 – Present

- Analyzed marketplace supply-demand dynamics using session data and funnel metrics; identified inefficiencies that informed pricing and onboarding redesigns, increasing transaction conversion by 28%.
- Built a cost-benefit framework to evaluate feature investments, enabling data-driven resource allocation that preserved a 4-week launch timeline across web and mobile platforms.
- Conducted econometric analysis of user behavior and drop-off patterns, reducing funnel attrition by 18% and generating actionable recommendations for process improvements.
- Developed standardized data collection and reporting methodologies, accelerating delivery of revenue-critical features 14% ahead of schedule.
- Optimized operational expenditures by \$40K+ annually through process redesign and vendor cost analysis, improving productivity by approximately 20%.

Economic Research Associate, *Gymki*

Seattle, WA

Jul 2023 – Oct 2023

- Conducted a Total Addressable Market (TAM) analysis and competitive benchmarking study to define market entry strategy and scope the initial product offering.
- Synthesized user research into quantitative models and investor-facing economic projections, informing the go-to-market roadmap and funding strategy.

Founder & Economic Strategist, *Fynd AI*

Irvine, CA

Sep 2024 – Apr 2025

- Conducted primary market research (20+ structured interviews) and demand validation to assess economic viability of an AI-powered consumer product.
- Developed the unit economics model and revenue forecasting framework, establishing scalable pricing assumptions and break-even projections.
- Applied behavioral economics principles to iterative usability testing, optimizing user engagement flows.

Business Analyst, *BritAm Industries*

Irvine, CA

Sep 2022 – Sep 2023

- Designed a data-driven inventory optimization model using statistical forecasting and demand analysis, reducing stockouts by 20% and carrying costs by 10%.
- Built an automated procurement analysis tool (VBA) that cut manual processing time by 50% and improved cost tracking accuracy for senior leadership.

CORE SKILLS & INTERESTS

- **Quantitative:** Econometrics • Cost-Benefit Analysis • Statistical Modeling • Demand Forecasting • Market Sizing (TAM/SAM) • Unit Economics • Regulatory & Policy Research • A/B Testing.
- **Technical:** R • SQL • VBA • Excel (Pivot Tables, Regression) • Figma • Jira • Notion • Miro.
- **Professional:** Stakeholder Communication • Report Writing • Agile Project Management • Primary & Secondary Research.
- **Interests:** Content Creation (10k+ following) • Competitive Dance (17 yrs) • Art History.
